

# Comparison of West Virginia Statewide Assessment Results\*

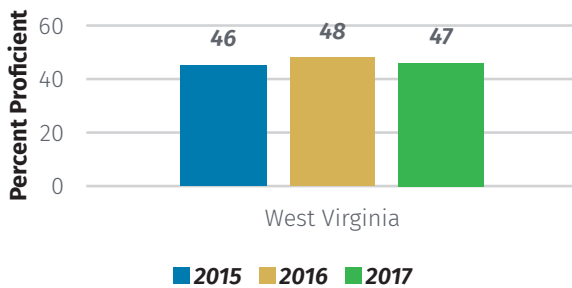

West Virginia DEPARTMENT OF EDUCATION

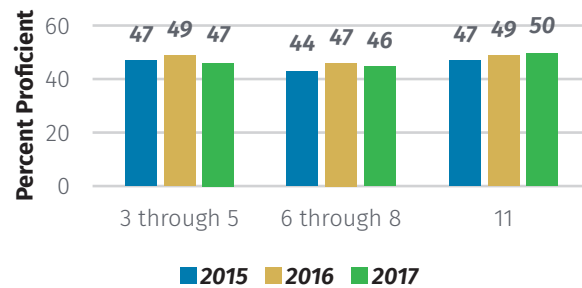

**Percentage of Students Proficient in English Language Arts by Grade Level**

**Overall Percentage of Students Proficient in English Language Arts**

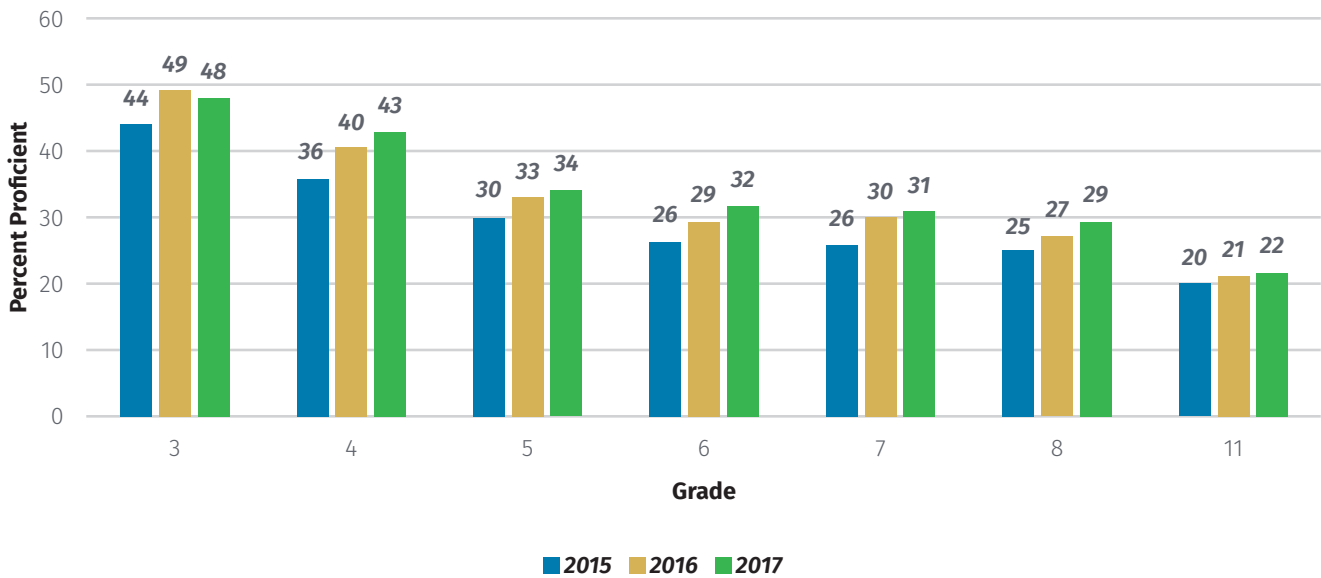

**Percentage of Students Proficient in English Language Arts by Grade Bands**

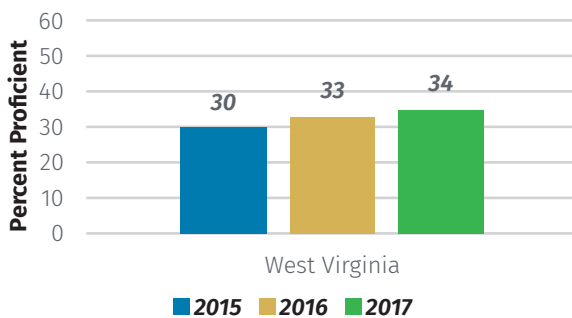

\*Because West Virginia did not assess students in ELA in grades 9 and 10 in 2017, results from grades 9 and 10 have been removed from each year's calculations to provide a year-by-year comparison.

Final assessment results are from both the West Virginia General Summative Assessment and the West Virginia Alternate Summative Assessment combined.

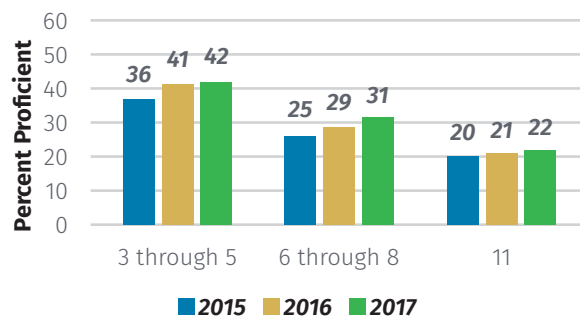

### Percentage of Students Proficient in Mathematics by Grade Level

### Overall Percentage of Students Proficient in Mathematics

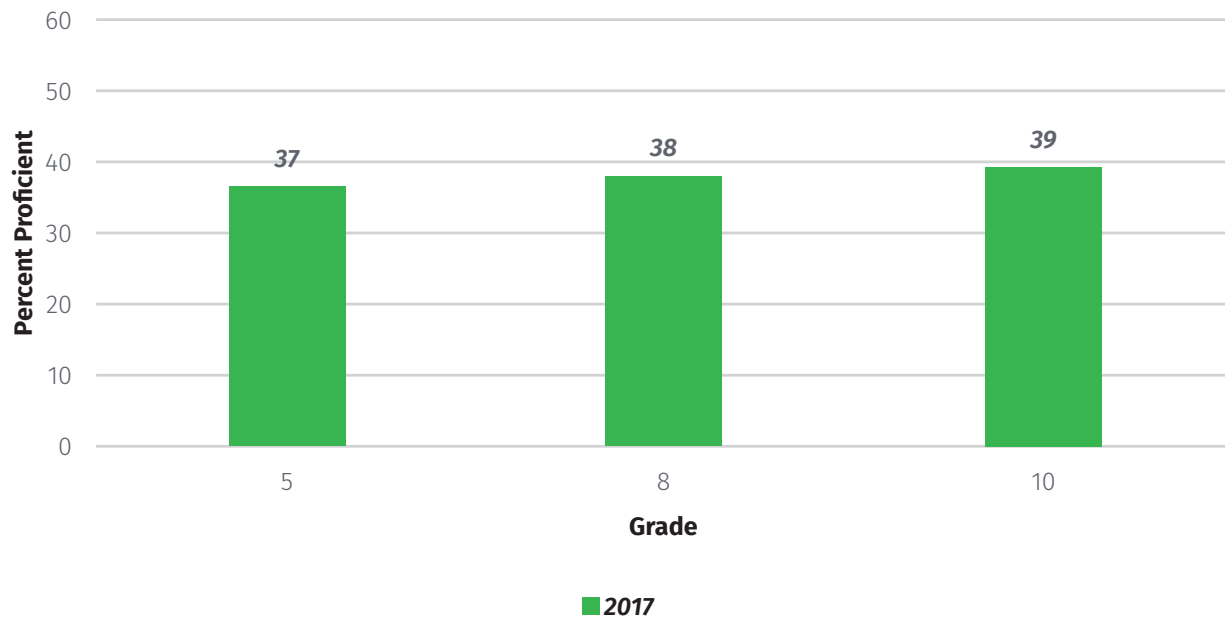

### Percentage of Students Proficient in Mathematics by Grade Bands

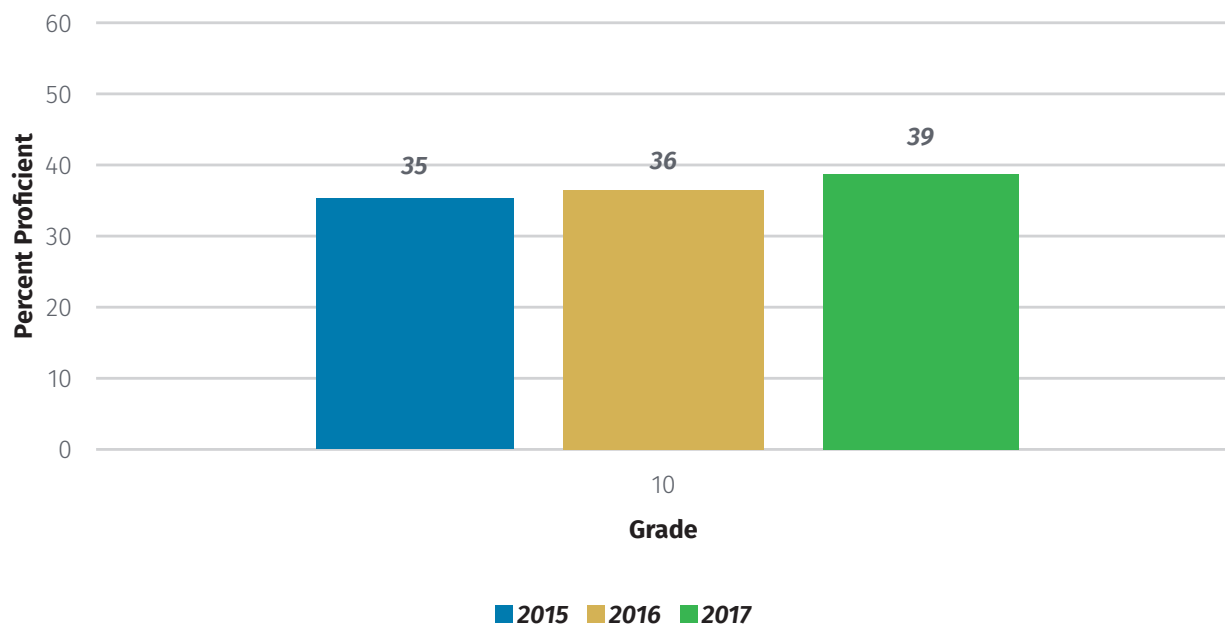

\*Because West Virginia did not assess students in ELA in grades 9 and 10 in 2017, results from grades 9 and 10 have been removed from each year's calculations to provide a year-by-year comparison.

Final assessment results are from both the West Virginia General Summative Assessment and the West Virginia Alternate Summative Assessment combined.

### Percentage of Students Proficient in Science by Grade Level

### Comparison of Percentage of Students Proficient in Science in Grade 10\*\*

\*\*In 2015 and 2016, science was assessed in grades 4, 6 and 10, but in 2017 science was assessed in grades 5, 8 and 10. Only a three-year comparison of the grade 10 science results have been provided.
