

## **Consequences of Non-Compliance with Requirements of the Elementary and Secondary Education Act**

### **Purpose**

The procedure institutes a series of uniform consequences for Local Educational Agencies (LEAs) that are not in compliance with the requirements of the Elementary and Secondary Education Act.

### **Procedure**

Before an LEA reaches this stage, a number of actions have taken place to resolve the issue. When an issue of non-compliance is not resolved in a timely manner, a corrective action plan and timeline is agreed upon with the LEA Consolidated Federal Programs (CFP) team leader and superintendent. In instances when the LEA fails to complete the corrective action in the agreed timeframe, the following steps will be taken:

1. The LEA will be notified that until the LEA is in compliance, no further CFP grant amendments will be considered; if no action is taken within ten business days, then,
2. The LEA will be notified that the specific Title funds will be held until the LEA is in compliance; if no action is taken within ten business days, then,
3. The LEA will be notified that all consolidated federal program funds will be held until the LEA is in compliance; if no action is taken within ten business days, then,
4. The LEA will be notified that all funds granted from the Agency of Education will be held until the LEA is in compliance; if no action is taken within ten business days, then,
5. The LEA will be notified that they are no longer eligible to be granted funds administered by the Agency of Education until the LEA is in compliance.

All of the notices will be sent to the LEA CFP team leader, superintendent, and when appropriate, the business manager.
